# RGB30 STICK-LITE

REMOTE DRIVER

## Suspended/Surface mounted. Colour changing light with aluminium end caps.

### A SLIM CYLINDRICAL DESIGN.

The RGB30 Stick-Lite can be surface mounted, vertically or horizontally suspended. This light offers 360° light distribution through its polycarbonate satin diffuser. Connect to a suitable driver and control system, then with multiple lights within an installation, you can create dramatic, dynamic and subtle effects. The RGB30 Stick-Lite makes use of efficient LED technology offering Dali or DMX dimming options for a controllable level of light output.

Regularly used in Theatre, TV, retail, events companies and entertainment industries.
